Mål

The principal objective of the course is to familiarize students with the research-based literature on firms' internationalization. The aim is to give a foundation for more advanced studies of various aspects of international. Hence, the scope of course is broad, and the course provides overview of the literature rather than going in-depth into particular topics.

Forkunnskaper

None beyond entry requirements to graduate studies in business administration.

Obligatorisk litteratur

- Buckley, Peter J. and Pervez N. Ghauri, eds.1999. *The internationalization of the firm* . 2nd ed. London: International Thompson Business Press.
- Compendium of selected articles

Anbefalt litteratur

Emneoversikt

This course gives (i) a broad overview of the opportunities and challenges facing firms involved in doing cross-border business activities in an increasingly open and dynamic world, and (ii) an introduction to the research literature about the internationalization of the firm. The level of analysis in this course is the firm. The main emphasis is put on analyzing the behavior of firms in an ever changing international marketplace and the ways firms organize their activities in order to cope with the intricacies of operating in foreign contexts.

Dataverktøy

Students should have an e-mail address.
