Course structure

Course Structure Distance Education

At the beginning of the course and before the exams there will be arranged intensive lessons. Distance Education also has a study guide as a supplement to the required reading. The study guide contains information on the study program, progress plan, and exercises and proposed solutions. Guidance via the Internet contains subject pages and group discussions. The course participants are given the opportunity to hand in voluntary assignments for evaluation.

Evaluation

Four cases are to be solved and evaluated in the course. Groups of 2-4 students solve one of the cases together and hand in their written paper, which accounts for 50% of the total grade in

the course.

The three other cases are to be answered individually at a 4-hour written exam, which accounts for 50% of the total grade.
