

APPLIES TO ACADEMIC YEAR 2007/2008

NVH 0239 Retail innovation

Program

Bachelor in Retail Management (3. year)

Responsible for the course

Peder Inge Furseth

Department

Innovation and Economic Organisation

Term

According to study plan

ECTS Credits

6

Language of instruction

Norwegian

This course presents the field of innovation and indicates how innovation can be implemented in retail, bank and consumer service companies.

Objective

This course gives an introduction to the field of innovation and presents the most important models and types of innovation. Students are given an overview of innovation in some of the largest, international retailers, banks and consumer service companies. There is an emphasis on how innovation is to be implemented in such companies.

Prerequisites

Students must have knowledge of internationalisation and strategic management.
