Introduction

This course is part of the statutory curriculum for approval as a Norwegian Certified Accountant. The programme meets the requirements of the Certified Accountant Regulation of 8 February 1999 no. 196 (education requirements for certified accountants).

Learning outcome

Acquired knowledge

The course will give the students in-depth knowledge about the process of closing the annual accounts and drawing up the annual report in accordance with Norwegian generally accepted accounting principles (NGAAP). Furthermore, basic knowledge about differences between NGAAP and IFRS is included.

Acquired skills

The students shall be able to produce annual accounts including consolidated accounts, and annual reports according to Norwegian accountancy legislation. The students shall also be able - with reference to actual legislation - to address and discuss definite accountancy problems related to annual accounts and annual reports.

Reflection

The students should be conscious about the importance of accurate financial accounts.

Prerequisites

The course requires knowledge corresponding to following courses or equivalent: BØK 3411 Finance and Managerial Accounting I, BØK 3421 Finance and Managerial Accounting II, BØK 3531 Financial Accounting and Financial Statement Analysis, BØK 3541 Managerial Accounting and Control.
