Term

According to study plan

ECTS Credits

7,5

Language of instruction

English

Introduction

The purpose of the course is to give the students an insight into Norwegian history, culture and society with an emphasis on politics and economics from 1814 until today. Norwegian culture means culture in a traditional sense, with in-depth studies of selected topics such as literature, music, architecture and painting. There will also be excursions to Norwegian cultural heritage sites.

Learning outcome

Acquired knowledge

- Attain a basic familiarity with Norwegian history, culture and society
- Attain knowledge of the Norwegian democratic tradition in politics and business
- Appreciate the significance of Norwegian cultural heritage in both national and international contexts
- General understanding of the history and current state of Norwegian business, with an emphasis on state ownership and the petroleum economy

Acquired skills:

- Ability to analyze the relationship between economic and political development in Norway
- Ability to give presentations about history, politics and culture

Reflection:

- Develop an awareness and understanding of the principles and institutions of democracy
- Ability to analyze the ramifications of global developments at the national level
