Introduction

This course is part of the statutory curriculum for approval as a Norwegian certified accountant. The programme meets the requirements of the certified accountant regulation of 8 February 1999 no. 196 (education requirements for certified accountants).

Learning outcome

Acquired knowledge

The course will give the students in-depth knowledge about the Norwegian legislation on business taxation, in addition to VAT and employers' national insurance contributions.

Acquired skills

The students should be able to produce annual taxation reports for accountable and non-accountable businesses. The students should also be able - with reference to actual legislation - to address and discuss definite issues regarding taxation, VAT and national insurance. The students will also have basic knowledge regarding personal taxation.

Reflection

On completion of the course the students should be conscious of the importance of accurate tax and VAT reporting.

Prerequisites

The course requires knowledge corresponding to following courses or equivalent: BØK 3411 Finance and Managerial Accounting I, BØK 3421 Finance and Managerial Accounting II, BØK 3531 Financial Accounting and Financial Statement Analysis, BØK 3541 Managerial Accounting and Control.
