

APPLIES TO ACADEMIC YEAR 2012/2013

GRA 6257 Audit Theory and Methodology

Programme

Master in Professional Accountancy

Responsible for the course

Flemming Ruud, Tobias Svanstrøm

Department

Department of Accounting - Auditing and Law

Term

According to study plan

ECTS Credits

6

Language of instruction

Norwegian

Introduction

The course aims to give students a deeper understanding of the theoretical and methodological basis for the subject area of financial auditing and how it is practised.

Learning outcome

The students are given an in-depth comprehension of the theoretical and methodological basis for auditing the annual accounts. Internationally established practice based on legislation and standards (particularly IFAC / RS) are discussed in detail.

Prerequisites

None apart from qualifying for admission to the programme

It's learning

Learning process and workload

A course of 6 ECTS credits corresponds to a workload of 160-180 hours.

A combination of lectures, cases, plenary and group discussions. Seminars in smaller groups in which the work (written assignments and active participation) are evaluated.

Please note that while attendance is not compulsory in all courses, it is the student's own responsibility to obtain any information provided in class that is not included on the course homepage/It's learning or text book.

Examination

3-hour written examination.

Examination code(s)

GRA 62571 accounts for 100 % of the final grade in the course GRA 6257.

Examination support materials

Auditor's manual, BI- approved exam calculator

Exam aids at written examinations are explained under exam information in our web-based Student handbook. Please note use of calculator and dictionary.

Re-sit examination

It is only possible to retake an examination when the course is next taught.

The assessment in some courses is based on more than one exam code.

Where this is the case, you may retake only the assessed components of one of these exam codes.

Where this is not the case, all of the assessed components of the course must be retaken.

All retaken examinations will incur an additional fee.

Additional information

Honor code

Academic honesty and trust are important to all of us as individuals, and represent values that are encouraged and promoted by the honor code system. This is a most significant university tradition. Students are responsible for familiarizing themselves with the ideals of the honor code system, to which the faculty are also deeply committed.

Any violation of the honor code will be dealt with in accordance with BI's procedures for cheating. These issues are a serious matter to everyone associated with the programs at BI and are at the heart of the honor code and academic integrity. If you have any questions about your responsibilities under the honor code, please ask.
