Learning process and workload

The program is conducted through five course modules, a total of 150 lecturing hours. Project tutorials differ in each Master of Management program. It will consist of personal tutorials and tutorials given in class. Generally the students may expect consulting tutorials, not evaluating tutorials. The total hours of tutorials offered is estimated to two hours pr. students following an ordinary Master of Management program. For students taking the program as their final Master of Management program the tutorials offered are estimated to a total of six hours.

Examination

The students are evaluated through a term paper, counting for 18 credit hours and an individual written exam, counting for 12 credit hours. Both evaluations must be passed to obtain a certificate for the program. The term paper may be written individually or in groups of maximum three persons.

For students taking this program as the final Master of Management Program the following applies:
