20

Language of instruction

Norwegian

Introduction

This course is part of the statutory curriculum for approval as a registered public accountant.

Learning outcome

Acquired knowledge

This course should provide the students with good knowledge of the framework for the tax part for the auditing profession and of the theory and legal regulations of this subject. This includes professional ethical and moral considerations. The course will give the students knowledge about Norwegian legislation on taxation, including in-depth knowledge about the Norwegian legislation on business taxation, in addition to VAT and employers' national insurance contributions. In-depth knowledge about Norwegian tax and charge rules, including:

- Capital and income taxation of individual taxpayers, including sole proprietorships
- Taxation of private companies and other impersonal taxpayers
- Taxation of partners and shareholders
- Taxation of transactions between enterprises and their owners
- Taxation of termination and liquidation and conversion of enterprises
- Accrual rules for taxation purposes
- Tax calculation
- Employers' contribution

Key topics in the Norwegian VAT Act

- Key concepts
- Exemptions from the Act
- Fee calculations
- Deduction of input VAT
- Public sector and VAT
- Cross-border transactions etc.

Acquired skills

After completed the course the students should be able to:

- Participate in the statutory auditing of statements in accordance with legal requirements.
- Produce annual taxation reports for accountable and non-accountable businesses.
- Address and discuss – with reference to actual legislation – definite issues regarding personal and business taxation, and national insurance.
- The students will also have basic knowledge regarding personal taxation, and should be able to identify central issues in corporate and business taxation as well as transboundary revenues. During the learning process regarding the Norwegian VAT Act, the students shall:
- Acquire knowledge of the interpretation and application of the Norwegian VAT Act.
- Develop in-depth knowledge of the key topics in the Norwegian VAT Act.
- Get an overview of the main principles for VAT law within the EU.

Reflection

On completion of the course the students should be conscious of the importance of accurate tax and VAT reporting.

Prerequisites

The first two years of the program or equivalent.

Computer-based tools are not used in this course.

Learning process and workload

The course is taught in teaching sessions over two terms. The students are enrolled in each semester. Teaching is based on 120 lecturing hours, 52 hours in the autumn and 68 hours in the winter/spring.

A teaching plan for the term with reference to the curriculum is distributed at the beginning of each term. In the spring term, there is a voluntary trial exam, and the students' answers are evaluated and marked.

Recommended use of hours:

Activity	Hours
Participation in teaching sessions	120
Preparation for teaching sessions	80
Self-tuition/reading literature	160
Own work on cases/exercises	164
Examination	6
Recommended total use of time	530

Use of hours

120 hours - Lectures

Examination

A six-hour written exam concludes the course.

Examination code(s)

REV 36111 - written exam, counts for 100% of the grade in REV 3611 Business Taxation, 20 credits.

Examination support materials

Norges Lover, Skattelovsamlingen and the BI approved exam calculator.

Examination support materials at written examinations are explained under examination information in the student portal @bi. Please note use of calculator and dictionary in the section on support materials (https://at.bi.no/EN/Pages/Exa_Hjelpemidler-til-eksamen.aspx).

Re-sit examination
