Introduction

THIS COURSE IS LAST RUN AUTUMN 2016.

Certified public accountants have demanding tasks relating to various legal issues. An in-depth introduction is therefore given to legal disciplines in which the auditor needs expert knowledge and is required to carry out tasks due to various public regulations.

Learning outcome

The course gives a deeper understanding of central subject areas for certified public accountants.

The students shall also gain a good understanding of:

Selected areas of contract law

Mortgage rules that enable an assessment of a company's security and secured debt

Basic knowledge of the rules concerning debt settlement proceedings and bankruptcy

Basic knowledge of labour law rules, and a good insight into the rules governing restructuring and reorganization.

Prerequisites

All courses in the Masters programme will assume that students have fulfilled the admission requirements for the programme. In addition, courses in second, third and/or fourth semester can have specific prerequisites and will assume that students have followed normal study progression. For double degree and exchange students, please note that equivalent courses are accepted.
