

APPLIES TO ACADEMIC YEAR 2016/2017

JUR 3677 Tax and Charge Law

Programme

Bachelor of Business Law (3. year)

Responsible for the course

Ole Tellef Grundekjøn

Department

Department of Law

Term

According to study plan

ECTS Credits

7,5

Language of instruction

Norwegian

Introduction

The course shall give the students an adequate understanding of taxation so that they can identify important issues particularly in corporate taxation and in reorganizations. A brief summary is given of the tax liability to Norway, international tax law and the role of tax treaties. The students shall learn to find the main sources of law, keep track of amendments and be able to apply important methods.

This course overlaps with JUR 3601 Tax and Charge (15 ECTS) which is part of the certified accountant program. The students taking this program may not choose this course as an elective.

Learning outcome

- Acquire knowledge about terminology, sources of law and interpretation of tax laws.
- Develop in-depth knowledge on tax liability, the tax payment system and tax assessment management
- Gain an understanding of the main rules on value-added tax

Acquired knowledge

During the course the students shall:

Acquired skills

After having completed the course the students shall

- Understand tax accounts and the terms tax cost, deferred tax and tax payable
- Be able to assess depreciations and provision for taxes
- Be able to define which tax rules apply for the various company types
- Know the tax rules for tax-exempt and taxable company conversions

Attitude

The students shall have ethical reflections on tax liability and grey zones as regards depreciation rules and the legal possibilities for deferred tax.

Prerequisites
